

Innovative Management Concepts, Inc.

Innovative Management Concepts (IMC) and the members of our GSA Veterans Technology Services (VETS) GWAC Team are very pleased to be part of the GSA VETS GWAC program. IMC is a prime contractor for the GWAC in both Functional Area 1 – Systems Operations and Maintenance – and Functional Area 2 – Information Systems Engineering.

If you choose to use the GSA VETS GWAC you can be assured that a very competent team of Service Disabled Veteran Owned (SDVO), Veteran Owned, and other Small Businesses will compete to perform the effort professionally and successfully. Also, you can be assured that more than 50% of the effort will be performed by an SDVO and that more than 50% of the contract funds will go to one or more SDVO small businesses.

The first step in using the GSA VETS GWAC is to contact the GSA at [vetsgwac@gsa.gov](mailto:vetsgwac@gsa.gov) or by calling the Small Business GWAC Center toll free at 1(877) 327-8732. The VETS GWAC Center will provide Scope Determinations and Delegation of Authority Training for Government Contracting Officers and their organizations.

If you have questions about IMC's GSA VETS GWAC Team or IMC capabilities please contact me at:
